PROFESSIONAL SUMMARY

Frontend Developer skilled in building responsive, high-performance web applications using **HTML5, CSS3, and JavaScript**. Experienced in **API integration, AI-based features, and voice-enabled interfaces**. Strong understanding of **DOM manipulation, UI/UX design, and web performance optimization**. Passionate about developing scalable solutions and contributing to modern frontend development teams.

TECHNICAL SKILLS

Frontend Development:

HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, DOM Manipulation

Tools & Platforms:

Git, GitHub, VS Code, XAMPP

Database:

MySQL

Core Concepts:

Object-Oriented Programming (OOP), REST API Integration, Web Development Lifecycle

Additional Skills:

Basic Java, Python, Debugging, Problem Solving

PROJECTS

AgriPilot – Smart Farming Assistant

HTML, CSS, JavaScript, AI API

- Developed an AI-powered web application for **crop guidance and plant disease detection**
 - Integrated **weather API** for real-time environmental insights
 - Implemented **voice-based interaction system** with multilingual support (English & Telugu)
 - Built **image-based disease detection module** using AI APIs
 - Designed **fully responsive UI**, improving usability across devices
-

AI Media Detector

HTML, CSS, JavaScript

- Built a web tool to **detect AI-generated images using prediction models**
- Implemented **image upload and real-time analysis system**
- Displayed results with **accuracy percentage and visual feedback**
- Focused on **user-friendly UI and fast processing experience**

Sloka Viewer Web App

HTML, CSS, JavaScript

- Developed a dynamic web application displaying **random Sanskrit slokas**
- Implemented **language toggle (Sanskrit ↔ English translation)**
- Integrated **text-to-speech (TTS)** for audio playback
- Ensured **cross-device responsiveness and smooth UI experience**

Portfolio Website

HTML, CSS, JavaScript

- Designed and deployed a **personal portfolio website** showcasing projects
- Implemented **responsive design and modern UI/UX principles**
- Hosted using **GitHub Pages** for live accessibility

INTERNSHIP EXPERIENCE

Artificial Intelligence Intern

Embrizon Technologies | May 2024 – July 2024

- Worked on **AI-based real-world projects and model integration**
- Gained practical knowledge of **machine learning workflows and APIs**
- Enhanced **problem-solving and analytical thinking skills**

EDUCATION

B.Tech – Computer Science & Engineering

CMR College of Engineering and Technology, Hyderabad (2025 – 2028)

Diploma – Computer Science & Engineering

Sree Dattha Institutions, Hyderabad (2022 – 2025)

ACHIEVEMENTS

- Winner of a **Hackathon** for developing an innovative web-based solution
 - Conducted a workshop on **Digital Career Development (LinkedIn, GitHub, Resume, AI Tools)**
-

STRENGTHS

- Strong problem-solving and analytical skills
- Quick learner with adaptability to new technologies
- Effective communication and team collaboration

DECLARATION

I hereby declare that the above information is true to the best of my knowledge.
